STEEL PARTS CASES

Sliding drawer parts cabinets provide a convenient parts storage system with the flexibility of removable drawers and a large assortment of drawer configurations.

Drawers are housed in a "sliding" drawer cabinet and may be mounted on a raised base. Small 13 1/4" x 9 1/4" x 2" and large 18" x 12" x 3" drawers are available.

SLIDING DRAWER CABINETS

- Carriages extend 100% of the drawers depth for easy access to parts
- Flexibility of removable drawers and a large selection of drawer configurations
- Drawer cabinet may be mounted on a raised base
- Cabinets are available for both the small and large drawer sizes
- Drawers and base are sold separately
- Optional locking hinge (CB037) prevents boxes from sliding out during transport

CA965 Drawer cabinet

Drawers sold separately

STEEL SCOOP DRAWERS

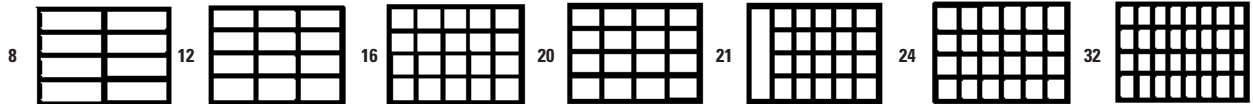

- Fixed compartment drawers
- Choose from between 8 and 32 compartment fixed drawers
- Small drawer dimension: 13 1/4" x 9 1/4" x 2"
- Large drawer dimension: 18" x 12" x 3"
- Manufactured of prime cold rolled steel
- Finished in rust and acid resistant baked enamel
- Drawers have inserts of high impact plastic
- Inserts have rounded scoops, making it easy to remove small parts
- All models have covers designed to stay open
- See chart below for drawer configurations

STEEL STORAGE BINS

- Pigeonhole type steel storage bin units organize small parts
- Best suited where space is limited and organization is crucial
- Produced of prime cold rolled steel
- Fully welded, will not warp, twist or sag
- Fully hemmed label holders provide adequate space for content identification
- Each divider is hemmed in a tear drop design to avoid sharp edges
- Doors with padlock attachment and bases to raise units are available with most models
- All units are 33 3/4" wide and are available in depths of 12" or 8 1/2"
- Finished in grey baked enamel
