Model No. CD379

- 31-Compartment System includes:
- 1 row of CA770 bins (4 bins/row)
- 1 row of CA769 bins (5 bins/row)
- 1 row of CA768 bins (6 bins/row)
- 1 row of CA767 bins (7 bins/row) 1 row of CA766 bins (9 bins/row)
- All corresponding Stackracks, adapter covers-which allow bins to stack and 12" base

SECTIONAL STACKBINS

- Sectional Stackbin units are an economical alternative to standard Stackbins
- Individual compartments are created from a standard 37" wide unit divided by welded steel partitions
- Each unit may be stacked on a larger, or similar sized unit, with covers and bases to complete the unit

PLASTIC PALLETS

Sturdy, lightweight pallets with rigid centre supports offer versatile, damagefree storage and movement for a wide range of materials. Suitable for the handling of all materials in paper, plastic or burlap bags; as well as tires, construction materials and items under assembly.

- Injection-moulded plastic is easy to clean and resistant to both chemicals and weather
- Nestable (each adds only 5/8" to the height of a stack)
- 1 1/2" deep stringers can also be
- handled by a standard forklif

NESTABLE SINGLE-FACED PALLETS

- One-piece structural foam pallets are lightweight, nestable and recyclable
- · High density polyethylene construction
- · Large rectangular legs make it an excellent choice for most conveyor systems
- Stacks 15 high in only 48" for
- cost-effective transport Colour: Black
